I. Conditions of Employment and Assurances for H-2A Agricultural Clearance Orders

By virtue of my signature below, I **HEREBY CERTIFY** my knowledge of and compliance with applicable Federal, State, and local employment-related laws and regulations, including employment-related health and safety laws, and certify the following conditions of employment:

- JOB OPPORTUNITY:** Employer assures that the job opportunity identified in this clearance order (hereinafter also referred to as the "job order") is a full-time temporary position being placed with the SWA in connection with an *H-2A Application for Temporary Employment Certification* for H-2A workers and this clearance order satisfies the requirements for agricultural clearance orders in 20 CFR part 653, subpart F and the requirements set forth in 20 CFR 655, subpart B. This job opportunity offers U.S. workers no less than the same benefits, wages, and working conditions that the employer is offering, intends to offer, or will provide to H-2A workers and complies with the requirements at 20 CFR part 655, subpart B. The job opportunity is open to any qualified U.S. worker regardless of race, color, national origin, age, sex, religion, handicap, or citizenship.
- NO STRIKE, LOCKOUT, OR WORK STOPPAGE:** Employer assures that this job opportunity, including all places of employment for which the employer is requesting temporary agricultural labor certification does not currently have workers on strike or being locked out in the course of a labor dispute. 20 CFR 655.135(b).
- HOUSING FOR WORKERS:** Employer agrees to provide or secure housing for the H-2A workers and those workers in corresponding employment who are not reasonably able to return to their residence at the end of the work day. That housing complies with the applicable local, State, and/or Federal standards and is sufficient to house the specified number of workers requested through the clearance system. The employer will provide the housing without charge to the worker. Any charges for rental housing will be paid directly by the employer to the owner or operator of the housing. If public accommodations or public housing are provided to workers, the employer agrees to pay all housing-related charges directly to the housing's management. The employer agrees that charges in the form of deposits for bedding or other similar incidentals related to housing (e.g., utilities) must not be levied upon workers. However, the employer may require workers to reimburse them for damage caused to housing by the individual worker(s) found to have been responsible for damage which is not the result of normal wear and tear related to habitation. When it is the prevailing practice in the area of intended employment and the occupation to provide family housing, the employer agrees to provide family housing at no cost to workers with families who request it. 20 CFR 655.122(d), 653.501(c)(3)(vi).
Request for Conditional Access to Intrastate or Interstate Clearance System: Employer assures that the housing disclosed on this clearance order will be in full compliance with all applicable local, State, and/or Federal standards at least 20 calendar days before the housing is to be occupied. 20 CFR 653.502(a)(3). The Certifying Officer will not certify the application until the employer provides evidence that housing has been inspected and approved or, in the case of rental or public accommodations, is otherwise in full compliance.
- WORKERS' COMPENSATION COVERAGE:** Employer agrees to provide workers' compensation insurance coverage in compliance with State law covering injury and disease arising out of and in the course of the worker's employment. If the type of employment for which the certification is sought is not covered by or is exempt from the State's workers' compensation law, the employer agrees to provide, at no cost to the worker, insurance covering injury and disease arising out of and in the course of the worker's employment that will provide benefits at least equal to those provided under the State workers' compensation law for other comparable employment. 20 CFR 655.122(e).
- EMPLOYER-PROVIDED TOOLS AND EQUIPMENT:** Employer agrees to provide to the worker, without charge or deposit charge, all tools, supplies, and equipment required to perform the duties assigned. 20 CFR 655.122(f), .210(d), or .302(c).

Form ETA-790A
U.S. Department of Labor

6. **MEALS:** Employer agrees to provide each worker with three meals a day or furnish free and convenient cooking and kitchen facilities to the workers that will enable the workers to prepare their own meals. Where the employer provides the meals, the job offer will state the charge, if any, to the worker for such meals. The amount of meal charges is governed by 20 CFR 655.173. 20 CFR 655.122(g). When a charge or deduction for the cost of meals would bring the worker's wage below the minimum wage set by the FLSA at 29 U.S.C. 206, the charge or deduction must meet the requirements of 29 U.S.C. 203(m) of the FLSA, including the recordkeeping requirements found at 29 CFR 516.27.

For workers engaged in the herding or production of livestock on the range, the employer agrees to provide each worker, without charge or deposit charge, (1) either three sufficient meals a day, or free and convenient cooking facilities and adequate provision of food to enable the worker to prepare his own meals. To be sufficient or adequate, the meals or food provided must include a daily source of protein, vitamins, and minerals; and (2) adequate potable water, or water that can be easily rendered potable and the means to do so. 20 CFR 655.210(e).

7. **TRANSPORTATION AND DAILY SUBSISTENCE:** Employer agrees to provide the following transportation and daily subsistence benefits to eligible workers.

A. *Transportation to Place of Employment (Inbound)*

If the worker completes 50 percent of the work contract period, and the employer did not directly provide such transportation or subsistence or otherwise has not yet paid the worker for such transportation or subsistence costs, the employer agrees to reimburse the worker for reasonable costs incurred by the worker for transportation and daily subsistence from the place from which the worker came to work for the employer to the employer's place of employment, whether in the U.S. or abroad. The amount of the transportation payment must be no less (and is not required to be more) than the most economical and reasonable common carrier transportation charges for the distances involved. The amount the employer will pay for daily subsistence expenses are those amounts disclosed in this clearance order, which are at least as much as the employer would charge the worker for providing the worker with three meals a day during employment (if applicable), but in no event will be less than the amount permitted under 20 CFR 655.173(a). The employer understands that the Fair Labor Standards Act applies independently of the H-2A requirements and imposes obligations on employers regarding payment of wages. 20 CFR 655.122(h)(1).

B. *Transportation from Place of Employment (Outbound)*

If the worker completes the work contract period, or is terminated without cause, and the worker has no immediate subsequent H-2A employment, the employer agrees to provide or pay for the worker's transportation and daily subsistence from the place of employment to the place from which the worker, disregarding intervening employment, departed to work for the employer. Return transportation will not be provided to workers who voluntarily abandon employment before the end of the work contract period, or who are terminated for cause, if the employer follows the notification requirements in 20 CFR 655.122(n).

If the worker has contracted with a subsequent employer who has not agreed in such work contract to provide or pay for the worker's transportation and daily subsistence expenses from the employer's place of employment to such subsequent employer's place of employment, the employer must provide for such expenses. If the worker has contracted with a subsequent employer who has agreed in such work contract to provide or pay for the worker's transportation and daily subsistence expenses from the employer's place of employment to such subsequent employer's place of employment, the subsequent employer must provide or pay for such expenses.

The employer is not relieved of its obligation to provide or pay for return transportation and subsistence if an H-2A worker is displaced as a result of the employer's compliance with the employer's obligation to hire U.S. workers who apply or are referred after the employer's date of need during the recruitment period set out in 20 CFR 655.135(d). 20 CFR 655.122(h)(2).

C. *Daily Transportation*

Employer agrees to provide transportation between housing provided or secured by the employer and the employer's place(s) of employment at no cost to the worker. 20 CFR 655.122(h)(3).

D. *Compliance with Transportation Standards*

Employer assures that all employer-provided transportation will comply with all applicable Federal, State, or local laws and regulations. Employer agrees to provide, at a minimum, the same transportation safety standards, driver licensure, and vehicle insurance as required under 29 U.S.C. 1841 and 29 CFR 500.104 or 500.105 and 29 CFR 500.120 to 500.128. If workers' compensation is used to cover transportation, in lieu of vehicle insurance, the employer will ensure that such workers' compensation covers all travel or that vehicle insurance exists to provide coverage for travel not covered by workers' compensation. Employer agrees to have property damage insurance. 20 CFR 655.122(h)(4).

8. **THREE-FOURTHS GUARANTEE:** Employer agrees to offer the worker employment for a total number of work hours equal to at least three-fourths of the workdays of the total period beginning with the first workday after the arrival of the worker at the place of employment or the advertised contractual first date of need, whichever is later, and ending on the expiration date specified in the work contract or in its extensions, if any. 20 CFR 655.122(i).

The employer may offer the worker more than the specified hours of work on a single workday. For purposes of meeting the three-fourths guarantee, the worker will not be required to work for more than the number of hours specified in the job order for a workday, or on the worker's Sabbath or Federal holidays. If, during the total work contract period, the employer affords the U.S. or H-2A worker less employment than that required under this guarantee, the employer will pay such worker the amount the worker would have earned had the worker, in fact, worked for the guaranteed number of days. An employer will not be considered to have met the work guarantee if the employer has merely offered work on three-fourths of the workdays if each workday did not consist of a full number of hours of work time as specified in the job order. All hours of work actually performed may be counted by the employer in calculating whether the period of guaranteed employment has been met. Any hours the worker fails to work, up to a maximum of the number of hours specified in the job order for a workday, when the worker has been offered an opportunity to work, and all hours of work actually performed (including voluntary work over 8 hours in a workday or on the worker's Sabbath or Federal holidays), may be counted by the employer in calculating whether the period of guaranteed employment has been met. 20 CFR 655.122(i).

If the worker is paid on a piece rate basis, the employer agrees to use the worker's average hourly piece rate earnings or the required hourly wage rate, whichever is higher, to calculate the amount due under the three-fourths guarantee. 20 CFR 655.122(i).

H-2A Agricultural Clearance Order
Form ETA-790A
U.S. Department of Labor

If the worker voluntarily abandons employment before the end of the period of employment set forth in the job order, or is terminated for cause, and the employer follows the notification requirements in 20 CFR 655.122(n), the worker is not entitled to the three-fourths guarantee. The employer is not liable for payment of the three-fourths guarantee to an H-2A worker whom the Department of Labor certifies is displaced due to the employer's requirement to hire qualified and available U.S. workers during the recruitment period set out in 20 CFR 655.135(d), which lasts until 50 percent of the period of the work contract has elapsed (50 percent rule). 20 CFR 655.122(i).

Important Note: In circumstances where the work contract is terminated due to contract impossibility under 20 CFR 655.122(o), the three-fourths guarantee period ends on the date of termination.

9. **EARNINGS RECORDS:** Employer agrees to keep accurate and adequate records with respect to the workers' earnings at the place or places of employment, or at one or more established central recordkeeping offices where such records are customarily maintained. The records must include each worker's permanent address, and, when available, permanent email address, and phone number(s). All records must be available for inspection and transcription by the Department of Labor or a duly authorized and designated representative, and by the worker and representatives designated by the worker as evidenced by appropriate documentation. Where the records are maintained at a central recordkeeping office, other than in the place or places of employment, such records must be made available for inspection and copying within 72 hours following notice from the Department of Labor, or a duly authorized and designated representative, and by the worker and designated representatives. The content of earnings records must meet all regulatory requirements and be retained by the employer for a period of not less than 3 years after the date of certification by the Department of Labor. 20 CFR 655.122(j).

10. **HOURS AND EARNINGS STATEMENTS:** Employer agrees to furnish to the worker on or before each payday in one or more written statements the following information: (1) the worker's total earnings for the pay period; (2) the worker's hourly rate and/or piece rate of pay; (3) the hours of employment offered to the worker (showing offers in accordance with the three-fourths guarantee as determined in 20 CFR 655.122(i), separate from any hours offered over and above the guarantee); (4) the hours actually worked by the worker; (5) an itemization of all deductions made from the worker's wages; (6) if piece rates are used, the units produced daily; (7) beginning and ending dates of the pay period; and (8) the employer's name, address and FEIN. 20 CFR 655.122(k).

For workers engaged in the herding or production of livestock on the range, the employer is exempt from recording and furnishing the hours actually worked each day, the time the worker begins and ends each workday, as well as the nature and amount of work performed, but otherwise must comply with the earnings records and hours and earnings statement requirements set out in 20 CFR 655.122(j) and (k). The employer agrees to keep daily records indicating whether the site of the employee's work was on the range or off the range. If the employer prorates a worker's wage because of the worker's voluntary absence for personal reasons, it must also keep a record of the reason for the worker's absence. 20 CFR 655.210(f).

11. **RATES OF PAY:** The employer agrees that it will offer, advertise in its recruitment, and pay at least the Adverse Effect Wage Rate (AEWR), a prevailing wage rate, the agreed-upon collective bargaining rate, the Federal minimum wage, or the State minimum wage, whichever is highest, for every hour or portion thereof worked during a pay period. If the offered wage(s) disclosed in this clearance order is/are based on commission, bonuses, or other incentives, the employer guarantees the wage paid on a weekly, semi-monthly, or monthly basis will equal or exceed the AEWR, prevailing wage rate, Federal minimum wage, State minimum wage, or any agreed-upon collective bargaining rate, whichever is highest. If the applicable AEWR or prevailing wage is adjusted during the contract period, and that new rate is higher than the highest of the AEWR, the prevailing wage, the collective bargaining rate, the Federal minimum wage, or the State minimum wage, the employer will increase the pay of all employees in the same occupation to the higher rate no later than the effective date of the adjustment. If the new AEWR or prevailing wage is lower than the rate guaranteed on this job order, the employer will continue to pay at least the rate guaranteed on this job order.

If the worker is paid on a piece rate basis, the piece rate must be no less than the prevailing piece rate for the crop activity or agricultural activity and, if applicable, a distinct work task or tasks performed in that activity in the geographic area, if one has been issued. At the end of the pay period, if the piece rate does not result in average hourly piece rate earnings during the pay period at least equal to the amount the worker would have earned had the worker been paid at the appropriate hourly rate, the employer agrees to supplement the worker's pay at that time so that the worker's earnings are at least as much as the worker would have earned during the pay period if the worker had instead been paid at the appropriate hourly wage rate for each hour worked. 20 CFR 655.120, 655.122(l).

For workers engaged in the herding or production of livestock on the range, the employer agrees to pay the worker at least the monthly AEWR, the agreed-upon collective bargaining wage, or the applicable minimum wage imposed by Federal or State law or judicial action, in effect at the time work is performed, whichever is highest, for every month of the job order period or portion thereof. If the offered wage disclosed in this clearance order is based on commissions, bonuses, or other incentives, the employer guarantees that the wage paid will equal or exceed the monthly AEWR, the agreed-upon collective bargaining wage, or the applicable minimum wage imposed by Federal or State law or judicial action, whichever is highest, and will be paid to each worker free and clear without any unauthorized deductions. The employer may prorate the wage for the initial and final pay periods of the job order period if its pay period does not match the beginning or ending dates of the job order. The employer also may prorate the wage if an employee is voluntarily unavailable to work for personal reasons. 20 CFR 655.210(g).

12. **FREQUENCY OF PAY:** Employer agrees to pay workers when due based on the frequency disclosed in this clearance order. 20 CFR 655.122(m).
13. **ABANDONMENT OF EMPLOYMENT OR TERMINATION FOR CAUSE:** If a worker voluntarily abandons employment before the end of the contract period, or is terminated for cause, the employer is not responsible for providing or paying for the subsequent transportation and subsistence expenses of that worker, and that worker is not entitled to the three-fourths guarantee, if the employer notifies the U.S. Department of Labor and, if applicable, the Department of Homeland Security, in writing or by any other method specified by the Department of Labor or the Department of Homeland Security in the *Federal Register*, not later than 2 working days after the abandonment or termination occurs. A worker will be deemed to have abandoned the work contract after the worker fails to show up for work at the regularly scheduled time for 5 consecutive work days without the consent of the employer. 20 CFR 655.122(n).
14. **CONTRACT IMPOSSIBILITY:** The work contract may be terminated before the end date of work specified in the work contract if the services of the workers are no longer required for reasons beyond the control of the employer due to fire, weather, or other Act of God that makes fulfillment of the contract impossible, as determined by the Department of Labor. In the event that the work contract is terminated, the employer agrees to fulfill the three-fourths guarantee for the time that has elapsed from the start date of work specified in the work contract to the date of termination. The employer also agrees that it will make efforts to transfer the worker to other comparable employment acceptable

U.S. Department of Labor

to the worker and consistent with existing immigration laws. In situations where a transfer is not affected, the employer agrees to return the worker at the employer's expense to the place from which the worker, disregarding intervening employment, came to work for the employer, or transport the worker to his/her next certified H-2A employer, whichever the worker prefers. The employer will also reimburse the worker the full amount of any deductions made by the employer from the worker's pay for transportation and subsistence expenses to the place of employment. The employer will also pay the worker for any transportation and subsistence expenses incurred by the worker to that employer's place of employment. The amounts the employer will pay for subsistence expenses per day are those amounts disclosed in this clearance order. The amount of the transportation payment must not be less (and is not required to be more) than the most economical and reasonable common carrier transportation charges for the distances involved. 20 CFR 655.122(o).

The employer is not required to pay for transportation and daily subsistence from the place of employment to a subsequent employer's place of employment if the worker has contracted with a subsequent employer who has agreed to provide or pay for the worker's transportation and subsistence expenses from the present employer's place of employment to the subsequent employer's place of employment. 20 CFR 655.122(h)(2).

15. **DEDUCTIONS FROM WORKER'S PAY:** Employer agrees to make all deductions from the worker's paycheck required by law. This job offer discloses all deductions not required by law which the employer will make from the worker's paycheck and all such deductions are reasonable, in accordance with 20 CFR 655.122(p) and 29 CFR part 531. The wage requirements of 20 CFR 655.120 will not be met where undisclosed or unauthorized deductions, rebates, or refunds reduce the wage payment made to the employee below the minimum amounts required under 20 CFR part 655, subpart B, or where the employee fails to receive such amounts free and clear because the employee kicks back directly or indirectly to the employer or to another person for the employer's benefit the whole or part of the wage delivered to the employee. 20 CFR 655.122(p).
16. **DISCLOSURE OF WORK CONTRACT:** Employer agrees to provide a copy of the work contract to an H-2A worker no later than the time at which the worker applies for the visa, or to a worker in corresponding employment no later than on the day work commences. For an H-2A worker coming to the employer from another H-2A employer or who does not require a visa for entry to the United States, the employer agrees to provide a copy of the work contract no later than the time an offer of employment is made to the H-2A worker. A copy of the work contract will be provided to each worker in a language understood by the worker, as necessary or reasonable. In the absence of a separate, written work contract entered into between the employer and the worker, the work contract at minimum will be the terms of this clearance order, including all Addenda, the certified *H-2A Application for Temporary Employment Certification* and any obligations required under 8 U.S.C. 1188, 29 CFR part 501, or 20 CFR part 655, subpart B. 20 CFR 655.122(q).
17. **ADDITIONAL ASSURANCES FOR CLEARANCE ORDERS:**
- A. Employer agrees to provide to workers referred through the clearance system the number of hours of work disclosed in this clearance order for the week beginning with the anticipated first date of need, unless the employer has amended the first date of need at least 10 business days before the original first date of need by so notifying the Order-Holding Office (OHO) in writing (e.g., email notification). The employer understands that it is the responsibility of the SWA to make a record of all notifications and attempt to inform referred workers of the amended first date of need expeditiously. 20 CFR 653.501(c)(3)(i).
- If there is a change to the anticipated first date of need, and the employer fails to notify the OHO at least 10 business days before the original first date of need, the employer agrees that it will pay eligible workers referred through the clearance system the specified rate of pay disclosed in this clearance order for the first week starting with the originally anticipated first date of need or will provide alternative work if such alternative work is stated on the clearance order. 20 CFR 653.501(c)(3)(5).
- B. Employer agrees that no extension of employment beyond the period of employment specified in the clearance order will relieve it from paying the wages already earned, or if specified in the clearance order as a term of employment, providing transportation from the place of employment, as described in paragraph 7.B above. 20 CFR 653.501(c)(3)(ii).
- C. Employer assures that all working conditions comply with applicable Federal and State minimum wage, child labor, social security, health and safety, farm labor contractor registration, and other employment-related laws. 20 CFR 653.501(c)(3)(iii).
- D. Employer agrees to expeditiously notify the OHO or SWA by emailing and telephoning immediately upon learning that a crop is maturing earlier or later, or that weather conditions, over-recruitment, or other factors have changed the terms and conditions of employment. 20 CFR 653.501(c)(3)(iv).
- E. If acting as a farm labor contractor (FLC) or farm labor contractor employee (FLCE) on this clearance order, the employer assures that it has a valid Federal FLC certificate or Federal FLCE identification card and when appropriate, any required State FLC certificate. 20 CFR 653.501(c)(3)(v).
- F. Employer assures that outreach workers will have reasonable access to the workers in the conduct of outreach activities pursuant to 20 CFR 653.107. 20 CFR 653.501(c)(3)(vii).

I declare under penalty of perjury that I have read and reviewed this clearance order, including every page of this Form ETA-790A and all supporting addendums, and that to the best of my knowledge, the information contained therein is true and accurate. This clearance order describes the actual terms and conditions of the employment being offered by me and contains all the material terms and conditions of the job. 20 CFR 653.501(c)(3)(viii). I understand that to knowingly furnish materially false information in the preparation of this form and/or any supplement thereto or to aid, abet, or counsel another to do so is a federal offense punishable by fines, imprisonment, or both. 18 U.S.C. §§ 2, 1001.

H. Additional Material Terms and Conditions of the Job Offer

a. Job Offer Information 1

1. Section/Item Number *	A.8a	2. Name of Section or Category of Material Term or Condition *	Job Duties
3. Details of Material Term or Condition (up to 3,500 characters) * Workers will perform assigned duties as described in this clearance order and as instructed by their supervisors. Primary responsibilities include safely operating buses and vans to transport workers to and from housing locations, designated work sites, and related operational facilities. Drivers must possess a valid driver's license required by State and Federal laws (a driver's license issued by another country that is recognized under state law may satisfy public road driving requirements) and maintain a valid, unexpired Federal Farm Labor Contractor (FFLC) or FFLC Employee Registration Card with explicit driving authorization to transport workers on public highways. Worker must be able to read and speak the English language sufficiently to converse with the general public, understand highway traffic signs and signals in English, respond to official inquiries, and make entries on reports and records. Holding the required driver's license, FFLC/FFLCE driving authorization, and meeting driver qualification standards are mandatory conditions of employment for this position, and workers assigned to operate motor vehicles or agricultural equipment must be at least 18 years of age. Responsibilities include conducting daily pre-trip safety inspections (checking tires, brakes, and fluid levels), maintaining trip logs, and performing basic cleaning and refueling of vehicles. Secondary duties include operating specialized agricultural equipment used across citrus and blueberry operations, including forklifts, utility vehicles (UTVs/ATVs), and tractors. Workers will operate these vehicles to move supplies, handle harvesting equipment in the field, and transport harvested crops, plants, tools, water, and agricultural materials between fields, groves, greenhouses, and the on-site packing house. Drivers are also responsible for performing routine operator maintenance and field service upkeep on assigned harvest equipment. Must be able to reach, bend, stoop, kneel, and lift items weighing up to 100 pounds. Alternative work, if needed, includes assisting with manual harvesting and general field operations for the crops mentioned on the job order strictly under supervisor direction. Citrus Harvesting: Harvesting citrus fruit by hand under supervisor's instructions. The worker will place a picking sack over their shoulder and carry an 18' to 20' ladder from the field truck to the particular area of the grove to be harvested. The picking sack is a canvas bag equipped with a shoulder strap for support, an opening for the insertion of fruit, and an opening to remove fruit. A fully loaded sack weighs between approximately 80 and 100 pounds, depending upon the size, condition, and variety of fruit. Worker positions the ladder against the tree and within reach of the fruit in a secure, leaning position, taking care not to break limbs, damage the tree, knock off fruit, or interfere with other workers, ensuring a secure position to prevent slipping or falling. Worker will remove fruit from the tree by hand and place it into the picking sack. When the picking sack is full, the worker will transport the full sack to the designated fruit tub or bin. Hand weeding: Workers will walk through the fields pulling the weeds around the plants using their hand or a hoe. General Field Caretaking: Assisting with tree treatments under supervisor direction, removal of grove debris, assisting with irrigation line maintenance and repair, and general grove maintenance. PLANTING : All crops. Worker will plant and/or replant as needed. These tasks will include repetitive and physically demanding shovel work. Worker may lift up to 50lbs. Worker may be required to ride a mechanical planter (training will be provided). Worker may be required to hand plant using tools such as a spade or hand trowel.

3. Details of Material Term or Condition (<i>up to 3,500 characters</i>) * Incidental Equipment Assistance: Workers may occasionally assist with the positioning of equipment or movement of harvested crops within the farm premises. If workers are assigned to operate farm tractors or forklifts, such operation will be limited to routine on-farm activities, performed only after employer-provided training, under employer supervision, and only if permitted by applicable safety requirements. Such operation is incidental to the primary agricultural duties and does not constitute a primary job duty. No prior experience operating tractors or forklifts is required. General Farm Maintenance and Other Activities: When primary planting or harvesting work is temporarily unavailable due to weather conditions, crop conditions, operational needs, or other lawful business reasons, workers may be assigned miscellaneous incidental duties directly related to the agricultural operation. These duties will not replace or substantially reduce the availability of primary agricultural work. Such duties may include general clean-up of the worksite, farm property, and agricultural structures; weeding, trimming, digging, cutting, topping, and removal of weeds, vines, debris, and trash from fields and fence lines; routine installation and removal of plastic mulch and irrigation drip tape; and basic irrigation maintenance and minor repair. Field sanitation activities may include cleaning, disinfecting, maintaining, and performing minor upkeep to harvest buckets, bins, trailers, hand tools, and similar agricultural equipment. Workers may also assist with the routine cleaning, washing, and minor non-mechanical upkeep of farm vehicles and equipment. Workers may be required to assist with the basic cleaning and routine upkeep of employer-provided housing and common-use facilities, limited to minor, basic tasks necessary to maintain safe, sanitary, and healthy living conditions. Workers must be able to perform strenuous manual labor outdoors for extended periods in varying weather conditions, including heat, cold, humidity, wind, and rain, for the total hours offered in the work contract. Duties require physical strength and stamina to walk, bend, stoop, kneel, lift, carry, reach, and stand for prolonged periods. Workers must possess sufficient manual dexterity to repetitively and efficiently use their hands and arms while maintaining a continuous workflow. The employer will provide, at no cost to the worker, all tools, supplies, equipment, and personal protective equipment required to perform the assigned duties. Consistent with applicable law, the employer may recover the reasonable cost of repairing or replacing tools or equipment damaged through a worker's willful misconduct or gross negligence, provided any such deduction is authorized in writing by the employee after the damage occurs and does not reduce the AEWR or any applicable minimum wage requirement. At the employer's sole discretion, workers may receive compensation above the offered wage rate based on individual performance, productivity, tenure, or other lawful factors. Such discretionary increases do not create additional minimum qualifications for employment and do not modify the terms and conditions of employment stated in this clearance order.

3. Details of Material Term or Condition (<i>up to 3,500 characters</i>) * When production needs require, the employer may offer hours in excess of the daily or weekly schedule stated in the ETA-790, there is a possibility that available work hours will be in excess of 20% of the hours offered but they are not guaranteed. These additional hours are strictly voluntary and not guaranteed; no worker is required to work beyond the contracted hours, on federal holidays, or on their Sabbath, and no worker will be penalized for declining such work. Due to the nature of agriculture, workers should expect occasional periods of little or no work due to weather, crop maturity, or other conditions beyond the employer's control. These periods may occur at any time throughout the season. In the event of a worker-requested leave of absence during periods of available work, all missed hours will be deducted from the actual hours worked but will be credited as "hours offered" toward the fulfillment of the three-quarter guarantee. Workers are responsible for providing their own suitable work clothing. The employer will provide a written copy of the work contract—consisting of the certified ETA Form 790/790A and any approved modifications, or a separate written agreement—at no cost to each worker in a language they understand, ensuring disclosure occurs no later than the time of visa application for those requiring a visa, the time of the job offer for those not requiring a visa or transferring from a subsequent H-2A employer, and no later than the first day of work for those in corresponding employment; furthermore, the employer and its agents are strictly prohibited from holding or confiscating a worker's passport, visa, or other government-issued identification, and all documentation evidencing the provision of these contracts will be maintained in accordance with federal recordkeeping requirements.

3. Details of Material Term or Condition (<i>up to 3,500 characters</i>) * Los trabajadores realizaran las tareas asignadas segun se describe en esta orden de empleo. Cosecha de citricos: Cosecha de frutos citricos a mano bajo las instrucciones del supervisor. El trabajador se colocara una bolsa de recoleccion sobre el hombro y llevara una escalera de 18 a 20 pies desde el camion de campo hasta el area especifica de la huerta que se va a cosechar. La bolsa de recoleccion es una bolsa de lona equipada con una correa para el hombro como soporte, una abertura para introducir la fruta y una abertura para sacarla. Una bolsa completamente llena pesa entre 80 y 100 libras aproximadamente, dependiendo del tamano, condicion y variedad de la fruta. El trabajador colocara la escalera contra el arbol y al alcance de la fruta en una posicion segura y apoyada, teniendo cuidado de no romper ramas, danar el arbol, tirar fruta o interferir con otros trabajadores, asegurando una posicion firme para evitar resbalones o caidas. El trabajador retirara la fruta del arbol a mano y la colocara en la bolsa de recoleccion. Cuando la bolsa de recoleccion este llena, el trabajador la transportara hasta la tina o contenedor de fruta designado. Deshierbe a mano: Los trabajadores caminaran por los campos arrancando la mala hierba alrededor de las plantas usando sus manos o un azadon. Cuidado general del campo: Ayudar con los tratamientos de los arboles bajo la direccion del supervisor, remocion de escombros de la huerta, ayudar con el mantenimiento y reparacion de las lineas de riego, y mantenimiento general de la huerta. PLANTACION: Todos los cultivos. El trabajador plantara y/o replantara segun sea necesario. Estas tareas incluiran trabajo con pala repetitivo y fisicamente demandante. El trabajador podra levantar hasta 50 libras. Se le podra requerir al trabajador que viaje en una plantadora mecanica (se proporcionara capacitacion). Se le podra requerir al trabajador que plante a mano usando herramientas como una pala de jardin o un palin manual. Plantacion de arandanos: Mientras lleva una bolsa de plantas de arandano, el trabajador caminará por los surcos, se agachara y colocara manualmente una o dos plantas en cada hoyo preparado en la cubierta de plastico del suelo segun las instrucciones, compactando firmemente la tierra alrededor de la base de la planta. Cosecha de arandanos: A mano, el trabajador caminará por los surcos del campo de bayas donde se cosecharan los arandanos. El trabajador se colocara una cubeta de recoleccion de 1 galon con una correa sobre el hombro. La cubeta de recoleccion de 1 galon es un contenedor rigido o de lona equipado con una correa para el hombro como soporte. El trabajador se colocara frente al arbusto de bayas y retirara con cuidado el fruto maduro del arbusto a mano y lo colocara en la cubeta, teniendo cuidado de no romper ramas, danar la planta o tirar fruta verde. Cuando la cubeta de recoleccion de 1 galon este llena, el trabajador la llevara al camion al final del surco y vaciara la fruta en una tina pequena o contenedor de envio.

3. Details of Material Term or Condition (up to 3,500 characters) * Empaque de arandanos (Campo y Empacadora): Los trabajadores serán responsables de cosechar y empacar arandanos tanto en el campo como en la empacadora. En el campo, los trabajadores pizcaran a mano los arandanos maduros, asegurando el manejo adecuado para evitar danos, y los colocaran en los contenedores designados. En la empacadora, los trabajadores inspeccionaran, clasificaran y separaran las bayas segun los estandares de tamano, color y calidad proporcionados por el patron. Los trabajadores retiraran escombros, fruta danada o verde, y empacaran las bayas listas para el mercado en contenedores de plastico (clamsells) o cajas segun los estandares de calidad. Las tareas tambien pueden incluir etiquetar, apilar y preparar el producto para su envio. El trabajo en la empacadora se limita exclusivamente a los cultivos producidos por el agricultor de sitio fijo; no se realizara empaque comercial para entidades externas. Asistencia Incidenta con Equipo: Los trabajadores podran ocasionalmente ayudar con la colocacion de equipo agricola o con el movimiento de manzanas cosechadas dentro de las instalaciones de la granja. Si se asigna a los trabajadores operar tractores agricolas o montacargas, dicha operacion estara limitada a actividades rutinarias dentro de la granja, se realizara unicamente despues de recibir la capacitacion proporcionada por el empleador, bajo la supervision del empleador y solo cuando lo permitan los requisitos de seguridad aplicables. Dicha operacion sera incidental a las tareas agricolas principales y no constituira una funcion principal del puesto. No se requiere experiencia previa en la operacion de tractores o montacargas. Mantenimiento general de la granja y otras actividades: Cuando el trabajo principal de plantacion o cosecha no este disponible temporalmente debido a condiciones climaticas, condiciones del cultivo, necesidades operativas u otras razones comerciales legitimas, se les podra asignar a los trabajadores tareas incidentales diversas directamente relacionadas con la operacion agricola. Estas tareas no reemplazaran ni reduiran sustancialmente la disponibilidad del trabajo agricola principal. Dichas tareas pueden incluir la limpieza general del lugar de trabajo, la propiedad de la granja y las estructuras agricolas; deshierbar, recortar, cavar, cortar, despuntar y eliminar mala hierba, maleza, escombros y basura de los campos y lineas de cercas; instalacion y remocion de rutina de acolchado plastico y cinta de goteo para riego; y mantenimiento basico y reparaciones menores de riego. Las actividades de saneamiento del campo pueden incluir la limpieza, desinfeccion, mantenimiento y reparacion menor de cubetas de cosecha, contenedores, remolques, herramientas manuales y equipos agricolas similares. Los trabajadores tambien pueden ayudar con la limpieza de rutina, lavado y mantenimiento menor no mecanico de los vehiculos y equipos de la granja. Se le podra requerir a los trabajadores que ayuden con la limpieza basica y el mantenimiento de rutina de la vivienda proporcionada por el patron y las instalaciones de uso comun, limitado a tareas menores y basicas necesarias para mantener condiciones de vida seguras, sanitarias y saludables.

3. Details of Material Term or Condition (up to 3,500 characters) * Los trabajadores deben ser capaces de realizar trabajo manual pesado al aire libre durante periodos prolongados en condiciones climaticas variables, incluyendo calor, frio, humedad, viento y lluvia, durante el total de horas ofrecidas en el contrato de trabajo. Las tareas requieren fuerza fisica y resistencia para caminar, doblarse, agacharse, arrodillarse, levantar, cargar, estirarse y estar de pie durante periodos prolongados. Los trabajadores deben poseer suficiente destreza manual para usar sus manos y brazos de manera repetitiva y eficiente mientras mantienen un flujo de trabajo continuo. El patron proporcionara, sin costo para el trabajador, todas las herramientas, suministros, equipo y equipo de proteccion personal requeridos para realizar las tareas asignadas. De acuerdo con la ley aplicable, el patron podra recuperar el costo razonable de reparar o reemplazar las herramientas o equipos danados por conducta indebida intencional o negligencia grave del trabajador, siempre que dicha deduccion este autorizada por escrito por el empleado despues de que ocurra el dano y no reduzca el AEWR ni ningun requisito de salario minimo aplicable. A discrecion exclusiva del patron, los trabajadores podran recibir una compensacion por encima de la tarifa salarial ofrecida segun el rendimiento individual, la productividad, la antiguedad u otros factores legales. Dichos aumentos discrecionales no crean calificaciones minimas adicionales para el empleo ni modifican los terminos y condiciones de empleo establecidos en esta orden de empleo. Cuando las necesidades de produccion lo requieran, el empleador podra ofrecer horas en exceso del horario diario o semanal establecido en el ETA-790,, existe la posibilidad de que las horas disponibles de trabajo excedan un 20 por ciento de las horas ofrecidas, pero no estan garantizadas,. Estas horas adicionales son estrictamente voluntarias y no estan garantizadas; no se requiere que ningun trabajador labore mas alla de las horas contratadas, en dias festivos federales o en su dia de descanso religioso, y ningun trabajador sera penalizado por rechazar dicho trabajo. Debido a la naturaleza de la agricultura, los trabajadores deben esperar periodos ocasionales de poco o ningun trabajo debido al clima, la madurez de la cosecha u otras condiciones fuera del control del empleador. Estos periodos pueden ocurrir en cualquier momento durante la temporada. En caso de que un trabajador solicite un permiso de ausencia durante periodos de trabajo disponible, todas las horas perdidas se deduciran de las horas reales trabajadas, pero se contarán como "horas ofrecidas" para el cumplimiento de la garantia de las tres cuartas partes. Los trabajadores son responsables de proporcionar su propia ropa de trabajo adecuada.

Details of Material Term or Condition (<i>up to 3,500 characters</i>) * Blueberry Planting: While carrying a bag of blueberry plants, the worker will walk down rows, bend, and manually place one or two plants into each prepared hole in the plastic ground covering as instructed, firmly packing the dirt around the base of the plant. Blueberry Harvesting: By hand, the worker will walk down the berry field rows where the blueberries are to be harvested. The worker will place a 1-gallon picking bucket with a strap over their shoulder. The 1-gallon picking bucket is a rigid or canvas container equipped with a shoulder strap for support. Worker positions themselves in front of the berry bush and will carefully remove the ripe fruit from the bush by hand and place it into the bucket, taking care not to break limbs, damage the plant, or knock off unripe fruit. When the 1-gallon picking bucket is full, the worker will take it to the truck at the end of the row and unload the fruit into a small tub or shipping container. Blueberry Packing (Field and Packing House) Workers will be responsible for harvesting and packing blueberries both in the field and in the packing house. In the field, workers will hand-pick ripe blueberries, ensuring proper handling to prevent damage, and place them in designated containers. In the packing house, workers will inspect, sort, and separate berries according to size, color, and quality standards provided by the employer. Workers will remove debris, damaged, or unripe fruit, and pack market-ready berries into clamshells or boxes according to quality standards. Tasks may also include labeling, stacking, and preparing product for shipment. The packing house work is limited exclusively to the crops produced by the fixed-site grower; no commercial packing for outside entities will be performed.
